

Reception Weekly Round-Up!

Friday 15th March 2024

Reception had their first trip this week!

All the children had such a good time learning about old and new toys at St. John's Museum. They worked together to sort out the different toys into old and new and talked about the different materials that toys used to be made of (more wooden) and what they are made of now (more plastic). They had great fun playing with the old-fashioned toys too. We then headed off to St. Nick's Park and had fun on the climbing frames, slides and swings. After the walk back to school, we made it back just in time for a yummy roast dinner!

We are so proud of all the Reception children. They walked very sensibly to the museum and park and used lovely manners when they were there and represented Emscote Infant School incredibly well!
Well done everybody and thank you to our parent helpers too!

Next week in Reception...

Maths:

In Maths, we will be learning about odd and even numbers. The children will be using numicon to help them identify which numbers are odd and which are even, as well using the Numberblocks and looking at how they are arranged. Please talk to your child about odd and even numbers and ask them to tell you how and why they know.

Phonics:

In Phonics, we are learning some more new digraphs. The trigraph and digraph next week are: 'tch' and 'nk'

Please help the children to find objects in your home or think of objects that begin with these sounds.

Please practise writing these sounds at home too.

Topic:

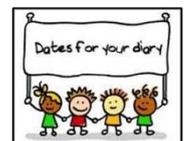

In Topic, we will be continuing our learning about plants and how they grow. We will be linking this learning to Spring and how this is the season of new life and how Easter represents new life and new beginnings. We will enjoy reading Easter themed stories and have lots of opportunities to create Easter crafts too!
