# e-Safety at All Saints'

Online Safety

We take online safety very seriously at All Saints' and especially during these times where children will be spending more time than ever online through either computers, smart phones or gaming consoles we hope you find the following information useful.

Online Safety and Parents

Please use the information below to find out more about online safety

Click here to access the website of the UK Safer Internet Centre, where you can find e-safety tips, advice and resources to help children and young people stay safe on the internet. They have created parents guides for Instagram and Snapchat which can be downloaded from the links at the bottom of this page.

CEOP is a command of the National Crime Agency, and is dedicated to tackling the sexual abuse and exploitation of children and young people. CEOP is there to help young people (up to the age of 18) who have been forced or tricked into taking part in sexual activity with anyone online or in the real world. CEOP also offers advice and links to support in response to other online problems young people might face, such as cyberbullying or hacking.

CEOP's Thinkuknow education programme for children of all ages and parents and carers has a very useful website, click here to find out more.

The NSPCC provide comprehensive e-safety information for parents and carers as well advice about how to talk with your children, helping them manage what they share online.

This advice is published on their website:

NSPCC – Keeping children safe online.
NSPCC Share Aware - e-safety resources for parents and young people
Cyberbullying

Internet Matters is a not-for-profit organisation that has a simple purpose – to empower parents and carers to keep children safe in the digital world. Click here.

Internet Matters/parental-controls - protecting children with simple restrictions and parental controls

In Warwickshire, partner agencies are working together to protect residents from cybercrime. The Cyber Safe Warwickshire website provide advice and information on what to do and what local support is available if you or someone in your family has been affected by a range of online crimes such as fraud, harassment, bullying and abuse. You can also sign up to receive regular alerts on the latest cyber threats. To access the Cyber Safe Warwickshire website, please click here.

This link takes you through to a detailed page on internet safety for parents. It includes illustrated guides providing information on Facebook, Snapchat and text anacronyms, all found here.

Facebook page

This page provides a range of information that can keep you up to date with online safety.

PEGI helps parents to make informed decisions when buying video games

PEGI provides age classifications for video games in 38 European countries. The age rating confirms that the game is appropriate for players of certain age. PEGI considers the age suitability of a game, not the level of difficulty.

Guides

Lots of the websites we have already mentioned contained guides to helping you be more e-safety conscious at home but here are a couple of other links to websites that might be useful:

The National Online Safety group offers guides for parents on many of the online platforms, including: Facebook, YouTube, Twitter, Minecraft, Instagram, Clash of Clans, and many others.

Screen Addiction

This is an issue which is affecting young people across the globe.

For more information about the issues associated with smartphone and screen addiction amongst children and how they can help to control the associated risks and stop their children becoming 'Screen Zombies' see below:
